ADJUSTABLE BUSHED TRAILING ARM COMPATIBLE WITH NISSAN NAVARA D23 / MERCEDES X-CLASS

A considerable upgrade from standard factory specs the New Roadsafe designed adjustable length Rear Lower Trailing Arms for Nissan Navara D23 (NP300) & Mercedes X Class are now available. The new lower arms are suitable for vehicles from standard height to 2"+ lift. Featuring on car adjustment, factory spec high flex rubber bushings and a Heavy Duty solid 36mm 300MPA arm, the Roadsafe arms offer you a tough alternative to your standard factory items.

FEATURES

- Finished in Black E-coat for corrosion resistance and discreet fitment
- HD ADJ Roadsafe arms are legal under NCOPV3/VSB14
- On car adjustable from 840mm – 910mm centre to centre of bushing
- Spanner flats inc for easy adjustment
- OE spec Rubber bushings included
- Avoid the common bending of the standard factory arms, and the ongoing pinion issues, by upgrading to Roadsafe arms.
