

NEW 4X4 TYRE DEFLATORS - 4PK

RRP

\$79.99

P/N - MMTD01

The Mean Mother 4x4 Tyre Deflators are a must have product for reducing multiple tyres pressures fast for going off-road - this increases the tyre footprint, which greatly improves your traction and reduces the chance of getting bogged in soft, muddy, or sandy conditions.

- Air Down Multiple Tyres Simultaneously - Easily deflate each tyre from 40-18psi in approx 2 1/2 mins (265/70/17)
- Accurately adjust deflators by dialling the inner gauge to the desire pressure shown between 10-30psi
- Time saving. Precise, Set and forget design
- Save your knees with no kneeling down and waiting for each tyres to deflate
- Simple design - Easy to pull apart and clean
- High-vis coating so easy to find if dropped

FEATURES:

- Stainless steel components
- Includes a conveniently integrated schrader thread to secure vavle cap during deflation. **FIRST DEFLATOR WITH THIS INNOVATION**
- Deflators include **Bonus spare valve caps (in case you lose one)**
- **Easy twist** hexagonal body design
- Storage pouch/bag
- Registered Design 202118097
